Mr. Jerry Jones  
Cure-Crete Chemical Co.  
1201 West Spring Creek Place  
Springvale, Utah 1084663

Dear Jerry,

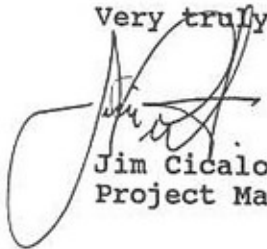

As per Cure-Crete Chemicals request I would like to offer the following information on our "Ashford" installations at various facilities.

I am extremely happy with the results of the "Ashford Formula" installations. After several years of service at our Smithtown, Long Island Facility, the floor has continued to shine and remains dust free and easily maintainable. Comments from viewers have been very positive and the personnel at Coke are both impressed and satisfied.

We are currently specifying "Ashford Formula" as a standard for new slab construction and will be looking toward treating some existing slabs as the sealers wear off.

If I can be of further assistance please do not hesitate to call.

Very truly yours,

Jim Cicalo  
Project Manager
